I've attached the CDOT report. The Kiewit info starts on page 20. Some other documents that contain information on the I-25 project and deficiencies. The construction stormwater checklist for Colorado is also attached.

Here's a link to the construction general permit info for Colorado. I'd save the permit and fact sheet, because it looks like they're about to be reissued.

Let me know if you want to meet to discuss what should go in a 308.

Thanks,

Stephanie DeJong
